01 Overview & Quick Facts

Suzuki Alto is listed for Mozambique as a hatchback powered by a locally listed powertrain. The exact record identifies 1.0L Petrol Naturally Aspirated engine, 5-Speed Manual, FWD and 5 seats where those details are published. This buyer-facing account is about how the vehicle fits real Mozambican routes, ownership decisions and dealer conversations. The local range context includes Alto 1.0 GL 5MT. Those names should be kept separate because gearbox, driven wheels, body configuration and equipment can change the ownership experience. The mechanical headline is 1.0L Petrol Naturally Aspirated engine; maximum power is 49 kW and maximum torque is 89 Nm. A buyer should match those figures to payload, road gradient, traffic and the frequency of long-distance travel rather than treating one number as a complete verdict. Ground clearance is recorded as 160, while the efficiency record is 22.2. These values are useful for planning, but the final vehicle should be checked against its delivered tyre, wheel and equipment specification. Mozambique buyers often need one vehicle to move through dense urban streets, uneven access roads, inter-city highways and seasonal weather. The…

Alto 1.0 GL 5MT	Petrol	5-Speed Manual	Research Configuration	**On Request**

03 Pros, Cons & Buyer Summary

● STRENGTHS

✓ Clear body-role fit when the named derivative matches the buyer's work or travel.

✓ The listed 5-Speed Manual gives a defined starting point for comparison.

✓ The FWD layout can suit the documented route and load role.

✓ Confirm the exact delivered equipment before treating this as a purchase advantage.

✓ Confirm the exact delivered equipment before treating this as a purchase advantage.

✓ Confirm the exact delivered equipment before treating this as a purchase advantage.

● CONSIDERATIONS

✗ Exact Mozambique equipment and cash price still require local confirmation.

✗ Dealer support and parts reach should be checked before purchase.

✗ A related trim may not carry the same safety, comfort or load equipment.

✗ The buyer should request written confirmation where local evidence is incomplete.

✗ The buyer should request written confirmation where local evidence is incomplete.

✗ The buyer should request written confirmation where local evidence is incomplete.

Hagalu Editorial Verdict

> *"A hatchback whose value depends on exact local equipment, route fit and dealer support."*

Suzuki Alto makes sense when its hatchback layout, powertrain and 5-Speed Manual match the buyer's normal work and travel. The strongest case is practical fit: seats, cargo, road ability, dealer support and a clear Mozambique quotation. Its weaker case is an assumption that a nearby trim or foreign-market specification is identical. Verify the delivered vehicle before signing. A careful comparison should keep the named derivative, equipment and local quotation together. Its weaker case is an assumption that a nearby trim or foreign-market specification is identical. The result depends on how the vehicle is loaded, driven and supported after delivery. Verify the delivered vehicle before signing.

City Driving	In Maputo and other busy urban areas, Suzuki Alto needs to be judged as a daily tool, not only as a specification sheet. Parking width, visibility, steering effort and low-speed transmission behaviour will shape the experience. Check door clearance, turning space, seat entry and the storage used every day. Traffic, heat and short trips can change the practical value of the powertrain. The correct tyre and wheel combination should be confirmed before ordering. A test drive should include the roads, passengers and luggage that reflect the intended use. Traffic, heat and short trips can change the practical value of the powertrain.
Highway	For inter-city journeys, Suzuki Alto should be assessed for stable cruising, overtaking reserve, seat support, luggage capacity and fuel planning. The listed 5-Speed Manual and FWD are part of that conversation. Confirm cooling performance, emergency-spare arrangements and roadside support. A full passenger and luggage load may alter acceleration, braking and efficiency. Ask the dealer to explain the warranty and service schedule in writing. The buying question is practical rather than purely numerical. Confirm cooling performance, emergency-spare arrangements and roadside support. That distinction matters when a vehicle is used in several roles during the same week. A full passenger and luggage load may alter acceleration, braking and efficiency.

© 2026 Hagalu Automotive Research

Off-Road	On uneven access roads, the Suzuki Alto configuration should be matched to ground clearance, tyre sidewall, payload and recovery planning. The recorded clearance is 160; it does not replace a safe route assessment. Check whether the chosen derivative has the drivetrain and protection expected for the route. Avoid treating a marketing badge as proof of a specific off-road feature. Load control and correct tyre pressures remain essential. That distinction matters when a vehicle is used in several roles during the same week. Avoid treating a marketing badge as proof of a specific off-road feature. A careful comparison should keep the named derivative, equipment and local quotation together. Load control and correct tyre pressures remain essential.
Best For	Suzuki Alto suits a buyer who has a defined reason for choosing a hatchback: urban travel, carrying work or personal mobility. The relevant configuration uses the listed powertrain, 5-Speed Manual and FWD. Prioritise the exact seat, cargo and service requirements before selecting a grade. A clear dealer quotation is part of the ownership decision. A test drive should include the roads, passengers and luggage that reflect the intended use. Prioritise the exact seat, cargo and service requirements before selecting a grade. The buying question is practical rather than purely numerical. A clear dealer quotation is part of the ownership decision.

04 Variant Comparison Matrix

All 1 variants of the Suzuki Alto side-by-side. Use this to spot the smallest differences quickly — fuel, power, gearbox and price all in one view.
