01 Overview & Quick Facts

The common engine claim is a 2.0-litre turbo-diesel with 120 kW and 390 Nm. The strength of this range is choice; its risk is paying for the wrong step. Moving to TL Auto costs R70,000 on the published prices and primarily answers transmission preference. The TLX 4x4 adds R60,000 over that 4x2 TLX, creating the cleanest traction comparison in the range. This ladder lets a fleet price gearbox, trim and driveline separately instead of jumping straight from entry grade to the flagship. Confirm the selected grade's curb mass, payload, safety equipment, wheel and spare, infotainment functions and 4x4 hardware in a signed schedule. TL Manual anchors the budget; TL Auto shows the price of removing clutch work; TLX 4x2 adds equipment without changing driven wheels. Shared 120 kW and 390 Nm outputs do not make payload, wheel fitment or safety equipment identical, so each quoted grade deserves its own schedule. A written shortlist can price gearbox, cabin equipment and traction against how often each will actually be used. Current South African Tunland G7 Double Cab range, with no separate facelift…

Body Style	Double-cab pickup
Launched	2024
Generation	Current 5,340 mm Tunland G7 double cab with a 3,110 mm wheelbase and rear leaf springs.
Fuel Types	Diesel
Colours	Exterior colour availability is not specified.

03 Pros, Cons & Buyer Summary

● STRENGTHS

- ✓ Body style: Pickup
- ✓ Fuel type: Diesel
- ✓ South African price: R399,900
- ✓ Engine: 2.0-litre Turbocharged Diesel
- ✓ Power output: 120 kW
- ✓ Transmission: 6-Speed Manual

● CONSIDERATIONS

- ✗ Exact equipment for Tunland G7 Double Cab can vary by derivative.
- ✗ Real fuel use for Tunland G7 Double Cab depends on route, load and weather.
- ✗ The written Tunland G7 Double Cab quotation should be checked before purchase.
- ✗ Tyre, insurance and service costs need a separate Tunland G7 Double Cab budget.
- ✗ A short Tunland G7 Double Cab test drive cannot represent every ownership route.
- ✗ Tunland G7 Double Cab capability should not be inferred from body styling alone.

Hagalu Editorial Verdict

> *"Tunland G7 Double Cab deserves a closer look when its price, equipment and powertrain fit the owner's route."*

Normal 210 mm clearance is not a fully laden value. A family-run business may value an automatic and rear cabin before it needs four-wheel drive, while a site supervisor can prioritise TLX 4x4 without automatically paying for every flagship feature. A fair review of Tunland G7 Double Cab should end with the owner's route, not a universal verdict. The combination of engine of 2.0-litre Turbocharged Diesel, a power output of 120 kW and a 6-Speed Manual transmission can be valuable for the right driver

City Driving	The urban test for Tunland G7 Double Cab should resemble the owner's route: a cold start, queues, kerbs, a narrow turn and a place where people or goods must be loaded. The vehicle's a power output of 120 kW is only useful if access and visibility work in practice. City use is where the small decisions accumulate for Tunland G7 Double Cab. Drive the Tunland G7 Double Cab through the tightest parking area, a steep ramp, a speed hump and stop-start traffic. Pay attention to the steering, sight lines, low-speed response, seat position and climate control rather than relying on a quiet dealership loop for Tunland G7 Double Cab. A rear-wheel drive drivetrain matters when the cabin or load is full, and a South African price reference of R469,900 can change the cost of repeated short trips for Tunland G7 Double Cab
Highway	It headlines a five-year/200,000 km warranty, five years of roadside assistance and a three-year/50,000 km service plan. For highway buyers, the Tunland G7 Double Cab needs to make sense when passengers, luggage or work equipment are aboard. Long-distance comfort depends on details that disappear in a short test drive for Tunland G7 Double Cab. Run Tunland G7 Double Cab at legal cruising speed, include a hill and a safe overtake, and see whether the driver can remain relaxed after an hour. The interaction between a rear-wheel drive drivetrain, a rear-wheel drive drivetrain and a South African price reference of R469,900 is more informative than maximum speed for Tunland G7 Double Cab. Owners travelling between provinces should also price replacement tyres, roadside assistance and scheduled service for Tunland G7 Double Cab

© 2026 Hagalu Automotive Research

Off-Road	Foton lists the 4x2 TL Manual at R399,900, 4x2 TL Auto at R469,900, 4x2 TLX Auto at R499,900, 4x4 TLX Auto at R559,900 and 4x4 Limited Auto at R599,900. Ground clearance is only one part of the rough-road answer for Tunland G7 Double Cab. For Tunland G7 Double Cab, the sensible check is the exact rwd arrangement, tyre specification, load and protection underneath. Stay cautious where the local data does not state clearance or wading depth for Tunland G7 Double Cab. A buyer whose routine includes construction tracks or isolated farm roads should compare a vehicle with documented capability rather than infer it from styling for Tunland G7 Double Cab
Best For	The best buyer for Tunland G7 Double Cab can describe a recurring reason for choosing its pickup layout. Then compare Diesel power and a South African price reference of R399,900 with insurance, tyres, maintenance and the monthly finance payment

04 Variant Comparison Matrix

All 5 variants of the Foton Tunland G7 Double Cab side-by-side. Use this to spot the smallest differences quickly — fuel, power, gearbox and price all in one view.
