01 Overview & Quick Facts

It does not prove a particular payload for every derivative, so a buyer should still obtain the registration certificate masses and payload for the exact vehicle. The 4x2 saves R76,000 at the published prices and should be evaluated by fleets whose routes remain on tar or maintained gravel. It also does not settle the not listed details such as turning circle, cabin headroom and legroom, or the exact 48-volt battery and assist-motor block. Ask the selling dealer to put consumption basis, service schedule, towbar approval, payload and the 4x4 hardware for the selected VIN in writing before contracting. Load a demonstration vehicle in a representative way and check rear-seat comfort, steering clearance and braking response. The Foton Tunland V7 powertrain combines a 2.0-litre turbo-diesel with 48-volt mild-hybrid assistance, delivering 120 kW and 450 Nm through an eight-speed automatic transmission. Leatherette seating, a 14.6-inch infotainment display, Apple CarPlay, heated front seats and model-listed driver-assistance equipment. The V7 suits a buyer who needs a five-seat bakkie to divide its week between people and useful work, and who prefers a leaf-sprung rear layout.…

Body Style	Double-cab pickup
Launched	2025
Generation	The current South African V7 is a 5,617 mm double cab with a 3,355 mm wheelbase and rear leaf springs.
Fuel Types	Diesel mild hybrid
Colours	Exterior colour availability is not specified.

02 Variant Pricing & On-Road Costs

Ex-Showroom Starting Price	ZAR 689,900 – 765,900	2 Listed Variants

Variant	Fuel	Transmission	Trim	Ex-Showroom
VLX 4x2	Diesel Mild Hybrid	8-Speed Automatic	Vlx 4X2	**ZAR 689,900**
VLX 4x4	Diesel Mild Hybrid	8-Speed Automatic	Vlx 4X4	**ZAR 765,900**

Estimated On-Road Price — VLX 4x2 (Base Variant)

Johannesburg	**ZAR 709,178**
Cape Town	**ZAR 712,548**
Durban	**ZAR 706,699**
Pretoria	**ZAR 707,938**

* On-road prices are estimates including registration, road tax and insurance.

03 Pros, Cons & Buyer Summary

● STRENGTHS

- ✓ Body style: Pickup
- ✓ Fuel type: Diesel Mild Hybrid
- ✓ South African price: R689,900
- ✓ Engine: 2.0-litre AUCAN Turbocharged Diesel with 48V Mild Hybrid
- ✓ Power output: 120 kW @ 3600 rpm
- ✓ Transmission: 8-Speed Automatic

● CONSIDERATIONS

- ✗ Exact equipment for Tunland V7 Double Cab can vary by derivative.
- ✗ Real fuel use for Tunland V7 Double Cab depends on route, load and weather.
- ✗ The written Tunland V7 Double Cab quotation should be checked before purchase.
- ✗ Tyre, insurance and service costs need a separate Tunland V7 Double Cab budget.
- ✗ A short Tunland V7 Double Cab test drive cannot represent every ownership route.
- ✗ Tunland V7 Double Cab capability should not be inferred from body styling alone.

Hagalu Editorial Verdict

> *"Tunland V7 Double Cab deserves a closer look when its price, equipment and powertrain fit the owner's route."*

Buyers comparing running costs should not blend Foton's current 9.0 L/100 km page figure with older or secondary figures that use a different test basis. The buying case for Tunland V7 Double Cab is specific. A power output of 120 kW @ 3600 rpm gives it a reason to be considered, while a 8-Speed Automatic transmission and a 8-Speed Automatic transmission set the boundaries. Tunland V7 Double Cab is easiest to recommend when the buyer can point to a concrete benefit in Diesel Mild Hybrid power and accept the limitation represented by a power output of 120 kW @ 3600 rpm. The local price should be judged against the equipment that is actually included, not an adjacent trim for Tunland V7 Double Cab. That is the difference between a sound purchase and an expensive specification mismatch for Tunland V7 Double Cab

City Driving	The live specification states an average of 9.0 L/100 km, a 76-litre tank, 240 mm ground clearance and towing capacity of 3.5 tonnes. Drive the Tunland V7 Double Cab through the tightest parking area, a steep ramp, a speed hump and stop-start traffic. Towing capacity of 3500 matters when the cabin or load is full, and a listed ground clearance of 240 can change the cost of repeated short trips
Highway	Overall dimensions are listed as 5,617 mm long, 2,000 mm wide and 1,910 mm high on a 3,355 mm wheelbase. Run Tunland V7 Double Cab at legal cruising speed, include a hill and a safe overtake, and see whether the driver can remain relaxed after an hour. The interaction between a 8-Speed Automatic transmission, towing capacity of 3500 and a listed ground clearance of 240 is more informative than maximum speed

Off-Road	Foton South Africa lists two V7 derivatives: the VLX 4x2 at R689,900 and the VLX 4x4 at R765,900. For Tunland V7 Double Cab, the sensible check is the exact 4wd arrangement, tyre specification, load and protection underneath. If the Tunland V7 Double Cab will leave smooth tar, test the actual road rather than the image around it. A slow run over corrugations, a sharp entrance and a loaded crest will show whether the suspension, tyres and underside suit the duty for Tunland V7 Double Cab. Check a 8-Speed Automatic transmission against the stated drivetrain for Tunland V7 Double Cab. Maintained gravel can be a reasonable use case for many road vehicles; deep sand, mud and water demand confirmed equipment and a recovery plan for Tunland V7 Double Cab
Best For	The ownership headline is a five-year/unlimited-kilometre warranty, five years of roadside assistance in South Africa and a five-year/75,000 km service plan. Tunland V7 Double Cab makes the most sense for an owner whose route and budget agree with a 8-Speed Automatic transmission

04 Variant Comparison Matrix

All 2 variants of the Foton Tunland V7 Double Cab side-by-side. Use this to spot the smallest differences quickly — fuel, power, gearbox and price all in one view.
