01 Overview & Quick Facts

The H6 GT is South Africa's first Chinese coupe-SUV at a mainstream price point. Launched in 2023, the GT shares its underpinnings, powertrain and cabin technology with the regular H6 but adopts a more dramatic sloping rear roofline, repositioned design cues, and a slightly more performance-focused chassis tune. The pitch is for buyers who want the H6's hybrid technology and equipment but value the visual presence of a coupe-SUV over the practicality of a more traditional shape. The two variants offered locally — 2.0T Hybrid LS at R699,900 and 2.0T Hybrid LT at R769,900 — both use a larger 2.0-litre Atkinson-cycle petrol-electric hybrid producing 180 kW combined on the LS and 235 kW on the LT. The LT's performance figures are genuinely impressive — 0-100 km/h in 6.5 seconds, real-world fuel economy of 6.5–7.0 L/100 km, and overtaking response that rivals proper hot hatches. This is the most powerful hybrid SUV available in South Africa at this price point. Cabin treatment in the GT is more visually expressive than the regular H6. Sports-bolstered front seats, red accents on the upholstery...

Body Style	5-door coupe-SUV with sloping rear roofline. Monocoque construction, front-wheel drive. Dimensions: 4,705 mm length, 1,886 mm width, 1,684 mm height, 2,738 mm wheelbase. Boot capacity 460 litres seats-up.
Launched	2023
Generation	First generation, derived from the regular H6 platform but with bodywork, suspension calibration, powertrain and cabin treatment differentiated for performance positioning.
Fuel Types	Hybrid
Colours	Crystal White, Hamilton Black, Cosmos Grey, Mars Red and Atlantic Blue. Two-tone roof option pairs with white, silver and red base colours.

03 Pros, Cons & Expert Verdict

● STRENGTHS	● CONSIDERATIONS
<ul style="list-style-type: none"> ✓ 235 kW combined hybrid output on the LT delivers 0-100 km/h in 6.5 seconds —... ✓ Real-world fuel economy of 6.5–7.0 L/100 km despite strong performance ✓ Sports-bolstered seats with red stitching and aluminium-finish controls deliver premium... ✓ 14.6-inch infotainment with head-up display on LT plus drive-mode ambient lighting... ✓ Comprehensive standard safety kit including AEB, adaptive cruise, blind-spot and... ✓ 5-year/100,000 km vehicle warranty plus 8-year/180,000 km battery warranty 	<ul style="list-style-type: none"> ✗ Sloping roofline reduces rear headroom — tall passengers may find headroom marginal ✗ Boot capacity 460 litres versus 530 on regular H6 — meaningful for family use ✗ Firmer chassis tune trades daily comfort for sharper dynamics — test drive both variants ✗ Residual values not yet established as recent model — projection lags Korean rivals by... ✗ Some performance features (drive-mode lighting, sports mode) only available on the LT trim

Expert Verdict

"Performance-focused hybrid coupe-SUV at a price that mainstream rivals can't match — the GT delivers genuine performance credentials with hybrid efficiency."

The H6 GT is GWM's most performance-oriented product in South Africa and positions itself as a credible alternative to the Volkswagen T-Roc R-Line, Cupra Formentor and similar performance crossovers. The 235 kW hybrid system in the LT delivers performance that mainstream rivals can only match with substantially more expensive petrol engines. The trade-offs are coupe-SUV practicality (smaller boot, lower rear headroom) and firmer ride than the regular H6.

City Driving	More urban-focused than its name suggests — the hybrid powertrain delivers smooth, quiet operation at city speeds and the firmer chassis tune is less of a penalty in slow traffic. Light steering and good visibility make daily duty easy.
Highway	Excellent at highway cruising with strong overtaking performance from the larger 2.0-litre hybrid system. Real-world fuel economy at 120 km/h sits at 6.5–7.0 L/100 km. The LT's 235 kW combined output delivers genuine performance for those who want it.
Off-Road	Front-wheel-drive coupe-SUV with 192 mm ground clearance — limited to gravel and light tracks. Not designed for serious off-road work.
Best For	Performance-oriented mid-size SUV buyers in South Africa who want hybrid efficiency combined with stronger performance and visual presence. Suits younger professionals, design-conscious buyers and those upgrading from a hot hatch who want more interior space without giving up performance.

04 Variant Comparison Matrix

All 2 variants of the Gwm H6 GT side-by-side. Use this to spot the smallest differences quickly — fuel, power, gearbox and price all in one view.
