01 Overview & Quick Facts

The Lexus RX occupies a specific place in the South African range: it is designed for a luxury-SUV buyer who prioritises five-seat comfort, quiet long-distance travel and powertrain choice above maximum off-road ability. The current range contains 5 confirmed derivatives, priced from R1 516 500 to R1 815 900. The RX range spans the 2.4-litre turbo RX 350, the 2.5-litre RX 350h hybrid, the RX 450h+ plug-in hybrid and the performance-focused RX 500h F SPORT. Recommended price range checked 2026-07-17: R1 516 500 to R1 815 900. The Lexus RX best suits a luxury-SUV buyer who prioritises five-seat comfort, quiet long-distance travel and powertrain choice above maximum off-road ability. The price range of R1 516 500 to R1 815 900 is broad enough that a disciplined trim decision matters. The RX deserves recommendation for a luxury-SUV buyer who prioritises five-seat comfort, quiet long-distance travel and powertrain choice above maximum off-road ability when its packaging and engineering fit the normal week. A proper look at the RX begins with the local specification, then moves to the owner's week. Here, a South…

03 Pros, Cons & Buyer Summary

● STRENGTHS

- ✓ Body style: SUV
- ✓ Fuel type: Petrol, Hybrid and Plug-in Hybrid
- ✓ South African price: R1,516,500
- ✓ Engine: 2.4-litre Turbocharged Petrol
- ✓ Power output: 205 kW @ 6000 rpm
- ✓ Transmission: 8-Speed Automatic

● CONSIDERATIONS

- ✗ Exact equipment for RX can vary by derivative.
- ✗ Real fuel use for RX depends on route, load and weather.
- ✗ The written RX quotation should be checked before purchase.
- ✗ Tyre, insurance and service costs need a separate RX budget.
- ✗ A short RX test drive cannot represent every ownership route.
- ✗ RX capability should not be inferred from body styling alone.

Buyer Summary

> *"RX deserves a closer look when its price, equipment and powertrain fit the owner's route."*

A fair review of RX should end with the owner's route, not a universal verdict. The combination of a power output of 205 kW @ 6000 rpm, a 8-Speed Automatic transmission and a Automatic 8-speed transmission can be valuable for the right driver. The buying case for RX is specific. A Automatic 8-speed transmission gives it a reason to be considered, while a AWD drivetrain and a AWD drivetrain set the boundaries for RX. It deserves a shortlist when those details solve a repeated South African driving need for RX. It is less persuasive when the buyer is paying for unused capacity or assuming that another derivative's equipment applies here for RX. Compare the written price, the nearest grade and one genuine alternative before deciding for RX

City Driving	The urban test for RX should resemble the owner's route: a cold start, queues, kerbs, a narrow turn and a place where people or goods must be loaded. City use is where the small decisions accumulate for RX. Drive the RX through the tightest parking area, a steep ramp, a speed hump and stop-start traffic. Pay attention to the steering, sight lines, low-speed response, seat position and climate control rather than relying on a quiet dealership loop for RX. Petrol power matters when the cabin or load is full, and a South African price reference of R1,815,900 can change the cost of repeated short trips for RX
Highway	For highway buyers, the RX needs to make sense when passengers, luggage or work equipment are aboard. Long-distance comfort depends on details that disappear in a short test drive for RX. Run RX at legal cruising speed, include a hill and a safe overtake, and see whether the driver can remain relaxed after an hour. The interaction between a AWD drivetrain, Petrol power and a South African price reference of R1,815,900 is more informative than maximum speed for RX. Owners travelling between provinces should also price replacement tyres, roadside assistance and scheduled service for RX
Off-Road	For gravel and rough-road use, All-wheel traction helps on wet roads and maintained gravel, but the RX is not a replacement for GX or LX. A Automatic 8-speed transmission may help, but neither a tall bonnet nor petrol, hybrid and plug-in hybrid alone creates four-wheel drive, low range or a published wading ability

© 2026 Hagalu Automotive Research

Best For	The best buyer for RX can describe a recurring reason for choosing its suv layout. Then compare a South African price reference of R1,516,500 and engine of 2.4-litre Turbocharged Petrol with insurance, tyres, maintenance and the monthly finance payment

04 Variant Comparison Matrix

All 5 variants of the Lexus RX side-by-side. Use this to spot the smallest differences quickly — fuel, power, gearbox and price all in one view.
