01 Overview & Quick Facts

The Mazda CX-30 fills a specific place in the South African market: a compact premium-leaning crossover for buyers who want Mazda3-generation cabin design with more ground clearance and easier crossover access. The current South African range is 2.0 Active Edition Auto FWD, 2.0 Dynamic Edition Auto FWD, 2.0 Carbon Edition Auto FWD, 2.0 Individual Edition Auto FWD. Because every edition shares engine, gearbox and front-wheel drive, equipment use should determine the upgrade decision. All four editions use a 2.0-litre SKYACTIV-G petrol engine delivering 121 kW and 213 Nm through a six-speed automatic gearbox to the front wheels. A five-seat cabin, 295-litre boot and 10.25-inch display are central to the current range. Higher editions add richer upholstery, seat adjustment, audio, camera and active-safety equipment. The natural buyer is someone seeking a compact premium-leaning crossover for buyers who want Mazda3-generation cabin design with more ground clearance and easier crossover access. The raised seating position and compact crossover dimensions work well for commuting, while front and rear sensor coverage, camera views and wheel choice become increasingly important in tight spaces. The 121 kW…

Body Style	SUV
Launched	2021
Generation	First-generation DM-series Mazda CX-30 using seventh-generation Mazda architecture
Fuel Types	Petrol
Colours	Arctic White, Ceramic White, Deep Crystal Blue, Jet Black, Machine Grey, Polymetal Grey, Snowflake Pearl White, Platinum Quartz and Soul Red Crystal are shown by Mazda South Africa.

Estimated On-Road Price — 2.0 Active Edition Auto FWD (Base Variant)

Johannesburg	**ZAR 557,277**
Cape Town	**ZAR 560,197**
Durban	**ZAR 555,098**
Pretoria	**ZAR 556,187**

* On-road prices are estimates including registration, road tax and insurance.

03 Pros, Cons & Buyer Summary

● STRENGTHS

- ✓ Body style: SUV
- ✓ Fuel type: Petrol
- ✓ South African price: R539,800
- ✓ Engine: 2-litre Naturally Aspirated Petrol
- ✓ Power output: 121 kW @ 6000 rpm
- ✓ Transmission: 6-Speed Automatic

● CONSIDERATIONS

- ✗ Exact equipment for CX-30 can vary by derivative.
- ✗ Real fuel use for CX-30 depends on route, load and weather.
- ✗ The written CX-30 quotation should be checked before purchase.
- ✗ Tyre, insurance and service costs need a separate CX-30 budget.
- ✗ A short CX-30 test drive cannot represent every ownership route.
- ✗ CX-30 capability should not be inferred from body styling alone.

Buyer Summary

> *"CX-30 deserves a closer look when its price, equipment and powertrain fit the owner's route."*

Dynamic is the everyday value step, Carbon adds a sport-themed appearance, and Individual is the comfort-led flagship. Buyers comparing the CX-30 should request a written quotation for the exact derivative, ask whether paint or dealer accessories change the financed amount and check that warranty and service-plan start dates are recorded correctly. A fair review of CX-30 should end with the owner's route, not a universal verdict. The combination of a power output of 121 kW @ 6000 rpm, a 6-Speed Automatic transmission and a 6-Speed Auto transmission can be valuable for the right driver

City Driving	Short-trip fuel use can differ materially from a combined claim, while an electrified CX-30 only delivers its best operating-cost case when charging is convenient and consistently used. The urban test for CX-30 should resemble the owner's route: a cold start, queues, kerbs, a narrow turn and a place where people or goods must be loaded
Highway	For highway buyers, the CX-30 needs to make sense when passengers, luggage or work equipment are aboard. Long-distance comfort depends on details that disappear in a short test drive for CX-30. Run CX-30 at legal cruising speed, include a hill and a safe overtake, and see whether the driver can remain relaxed after an hour. The interaction between a front-wheel drive drivetrain, a South African price reference of R588,100 and a South African price reference of R606,800 is more informative than maximum speed for CX-30. Owners travelling between provinces should also price replacement tyres, roadside assistance and scheduled service for CX-30
Off-Road	A 6-Speed Auto transmission may help, but neither a tall bonnet nor petrol alone creates four-wheel drive, low range or a published wading ability. Ground clearance is only one part of the rough-road answer for CX-30. For CX-30, the sensible check is the exact fwd arrangement, tyre specification, load and protection underneath. Stay cautious where the local data does not state clearance or wading depth for CX-30. A buyer whose routine includes construction tracks or isolated farm roads should compare a vehicle with documented capability rather than infer it from styling for CX-30

© 2026 Hagalu Automotive Research

Best For	The best buyer for CX-30 can describe a recurring reason for choosing its suv layout. Then compare a South African price reference of R539,800 and engine of 2-litre Naturally Aspirated Petrol with insurance, tyres, maintenance and the monthly finance payment

04 Variant Comparison Matrix

All 4 variants of the Mazda CX-30 side-by-side. Use this to spot the smallest differences quickly — fuel, power, gearbox and price all in one view.
