01 Overview & Quick Facts

The Nissan Patrol Y62 represents the pinnacle of Nissan's SUV lineup, combining genuine body-on-frame off-road capability with a lavishly appointed interior. Powered by the 5.6-litre Endurance V8 engine producing 298 kW and 560 Nm, it effortlessly tows up to 3,500 kg while accommodating eight passengers in three rows. The Patrol's dual-mode 4x4 system with low-range transfer case makes it as capable in the Kalahari sand as on suburban streets.

Expert Verdict

"The Patrol is the full-size SUV for those who refuse to compromise – V8 power, 8 seats and real off-road credentials."

In a world of monocoque crossovers, the Patrol stands apart with its body-on-frame toughness and V8 engine. It's unashamedly large, thirsty and expensive – and completely unique in what it offers.

City Driving	Manageable despite size – air suspension adjusts height and parking cameras help
Highway	Excellent – refined V8 delivers effortless long-distance comfort
Off-Road	Outstanding – body-on-frame with dedicated low-range 4x4 and locking differentials handles the most demanding terrain
Best For	Premium buyers, large families, farmers and off-road adventurers who want the best of both worlds – luxury and extreme 4x4 capability
