Expert Verdict

"The practical 7-seat answer to VW's family SUV lineup – space, quality and refinement."

The Tiguan Allspace solves the 7-seat puzzle by extending the excellent Tiguan without sacrificing too much cargo space or driving quality. Third-row seats are tight for adults but ideal for children.

City Driving	Very good – large but manageable with parking sensors and cameras
Highway	Excellent – refined, comfortable highway cruiser
Off-Road	Light gravel manageable, 4Motion adds confidence on slippery surfaces
Best For	Families needing 7-seat flexibility with VW premium quality
