01 Overview & Quick Facts

The Toyota Starlet has a clear job in Uganda's Toyota line-up: it is the small hatchback for people who need a new car to fit ordinary life without taking up the space or asking for the budget of a large SUV. Toyota Uganda describes it as a compact city car and lists a 1,462 cc petrol engine, a five-door hatchback body and five seats. Its proportions are practical rather than theatrical. The compact footprint can make a difference in Kampala's busier streets, in a tight apartment parking area and when a driver is learning the dimensions of a new car. Five doors also make the rear bench easier to use than a two-door layout, especially when a child seat or shopping bags are part of the routine. The local page presents the Starlet range with manual and automatic transmission choices, while the supplied Uganda derivative list includes the 1.5L Petrol AT DELUXE. Toyota publishes 77 kW and 138 Nm for the local 1.5-litre engine family, as well as a 37-litre fuel tank and 150 mm ground clearance. Those figures help...

Body Style	Five-door hatchback
Launched	2022
Generation	The Starlet nameplate joined Uganda's new-car range in February 2022. The current 1.5-litre revision was introduced locally in June 2023.
Fuel Types	Petrol
Colours	Confirm current colour availability with Toyota Uganda for the selected derivative.

03 Pros, Cons & Buyer Summary

● STRENGTHS ✓ Five-door hatchback body with a five-seat cabin. ✓ Toyota Uganda lists petrol manual and automatic range choices. ✓ Automatic Deluxe equipment includes useful town-driving features on the local page. ✓ Compact body is easier to place than a large SUV in constrained parking.	● CONSIDERATIONS ✗ 150 mm published clearance is not suited to regular deep-rut or rocky-track use. ✗ A five-seat hatchback cannot replace a seven-seat family vehicle. ✗ Confirm exact grade equipment and a current Uganda quotation before purchase. ✗ Toyota Uganda does not publish an exact local fuel-consumption figure for this derivative.

Buyer Summary

"A practical small Toyota when compact size and automatic town driving matter more than SUV clearance."

The Starlet is strongest when its owner wants an uncomplicated five-door hatchback and does not need a taller body or extra seats. The Ugandan automatic Deluxe listing gives buyers a concrete grade to inspect, with useful daily equipment and a clearly stated petrol engine family. Its limits are just as clear: modest ground clearance, a small-car cabin and no published off-road hardware. Compare the written Toyota Starlet price in Uganda, delivered equipment and support terms, then test it on the roads the car will actually see.

City Driving	In Kampala and other town centres, the Starlet's compact hatchback shape is the point. It is easier to place than a large SUV when parking bays are narrow or a street is busy, while five doors keep rear access straightforward. Test the automatic gearbox in slow traffic and reverse into a space like the one at home. Check the camera, sensors, air conditioning and phone connection on the exact car, because a brochure list is not a substitute for inspecting the delivered grade.
Highway	For travel between Ugandan towns, the 1.5-litre petrol engine and automatic transmission make the Starlet a simple road-car proposition. The driver should judge acceleration with the usual passengers aboard, especially on a climb or when joining faster traffic. The 37-litre tank gives a clear capacity figure, but Toyota's local page does not publish an exact consumption result for this derivative. Build a fuel budget from the route and the owner's real use rather than borrowing an overseas test number.
Off-Road	The Starlet is not an off-road Toyota. Its published 150 mm ground clearance and front-wheel-drive layout point to paved roads and carefully driven, graded access lanes. Slow down for sharp drainage channels, stones and tall speed humps; avoid water of unknown depth and do not mistake hatchback styling for four-wheel-drive hardware. If rough tracks are a regular part of the route, compare the Starlet with a genuine SUV before committing.
Best For	The Starlet suits a Ugandan commuter, a small household or a first-time new-car buyer who wants a compact five-door Toyota for paved daily routes. The automatic Deluxe is worth considering when frequent clutch work would be tiring and its listed convenience equipment is genuinely useful. Families should try the rear seat and boot with their own child seats or luggage; buyers who routinely carry many passengers or use rough rural tracks should step up to a larger or higher-clearance vehicle.

04 Variant Comparison Matrix

All 1 variants of the Toyota Starlet side-by-side. Use this to spot the smallest differences quickly — fuel, power, gearbox and price all in one view.
